## Our Commitment to High Quality Learning Environments

At Edmonton Public Schools, we are deeply committed to the success and well-being of our students. Each student is entitled to a welcoming, inclusive, safe and healthy learning environment that supports high-quality learning, respects diversity, and nurtures a sense of belonging and a positive sense of self.

As a District, we have established clear behaviour expectations for all students, from Kindergarten to Grade 12. The expectations are outlined in the District's Student Behaviour and Conduct Policy which was developed in consultation with students, parents, staff and community members. The policy outlines the rights and responsibilities of students, our expectations for student conduct, and the potential responses when students demonstrate unacceptable behaviour.

Parental involvement in public education plays a vital role in promoting positive student behaviour. We are pleased that our ongoing partnership with families continues to make a difference for our schools and students.

By working together, we will ensure our students learn the importance of good character and conduct, and our schools will remain safe and secure places to learn and thrive.

Michelle Draper  
Board Chair

## Student Success and Safety—Our Highest Priorities

It is our shared responsibility to ensure that each student can learn and realize their potential within a safe and caring learning environment. In addition to teaching the necessary learning outcomes, our schools are places where students can develop the character and skills needed to become responsible, respectful, compassionate and successful citizens.

School staff use Board Policy [HG.BP—Student Behaviour and Conduct](#) as the basis for creating this **Student Rights and Responsibilities** document. This document is designed to communicate expectations, and balances the overarching rights and responsibilities that are communicated in our policy with the unique context of each school. The expectations and processes outlined in this document are implemented by principals in collaboration with school staff, parents and local communities.

Ensuring each student can thrive in a safe, productive and welcoming learning environment is essential to our work in improving student achievement and high school completion rates. By working together to promote positive attitudes and responsible, respectful behaviour in our schools, we believe students will receive the greatest benefit during their educational journey.

Darrel Robertson  
Superintendent of Schools

## Rights and Responsibilities

Our school District recognizes the following fundamental rights and responsibilities:

All students have the right to be treated with dignity, respect and fairness by other staff and students.

All members of the Edmonton Public Schools community, including students, parents, staff and Trustees have a role and a shared responsibility to create and support welcoming, caring, respectful and safe learning environments.

Students and parents have a right to be informed about District and school expectations for student behaviour. To support this right, all schools' Student Rights and Responsibilities documents will be posted on SchoolZone and on school websites.

All members of our school community are expected to respect diversity and refrain from demonstrating any form of discrimination on the basis of race, religious beliefs, colour, gender, gender identity, gender expression, physical disability, mental disability, ancestry, place of origin, marital status, source of income, family status or sexual orientation.

These rights and responsibilities are communicated in the *Alberta Human Rights Act* and the *School Act* and are reinforced in District policies and regulations including [AE.BP—Welcoming, Inclusive, Safe and Healthy Learning and Working Environments](#), [HG.BP—Student Behaviour and Conduct](#), [HG.AR—Student Behaviour and Conduct](#), and [HFA.AR—Sexual Orientation and Gender Identity](#) which are available to the public.

At Vimy Ridge Academy everyone in our school community has the right to learn and work in an environment that is respectful, safe, healthy and focused on learning and success. In order to preserve these rights, students must also be aware of their individual responsibilities.

Vimy Ridge Academy staff will support high performance learning opportunities at our school by providing encouragement, praise, awards, and individual recognition, including referrals to the administration regarding the many positive behaviours and academic gains of our students.

In addition to this, the staff will enhance communication between the home and school by communicating to our parents the progress of their young people. This will come in the form of encouraging telephone calls, positive notes home and/or reinforcing parent/teacher/student conferences.

## Student Behaviour Expectations

To ensure that Vimy Ridge Academy is a positive learning environment for everyone, all students are expected to comply with expectations set by our school District, as well as school rules which are in place for the benefit of all members of our school community.

Through Board Policy HG.BP—Student Behaviour and Conduct, the Board expects that students behave in accordance with Section 12 of the *School Act*. Section 12 states that students will conduct themselves so as to reasonably comply with the following Code of Conduct:

- be diligent in pursuing the student’s studies;
- attend school regularly and punctually;
- co-operate fully with everyone authorized by the Board to provide education programs and other services;
- comply with rules of the school;
- account to the student’s teachers for the student’s conduct;
- respect the rights of others;
- ensure the student’s conduct contributes to a welcoming, caring, respectful and safe learning environment that respects diversity and fosters a sense of belonging;
- refrain from, report and not tolerate bullying or bullying behaviour directed toward others in the school, whether or not it occurs within the school building, during the school day or by electronic means; and
- positively contribute to the student’s school and community.

Furthermore, students are expected to:

- resolve conflict or seek assistance to resolve conflict in a peaceful, safe, and non-threatening manner that is conducive to learning and growth. Strategies for addressing conflict between students may include counselling, mediation, or forms of restorative practice;
- use school and personal technology appropriately and ethically; and
- ensure that they conduct themselves with academic integrity and refrain from and report all incidents of academic misconduct including, but not limited to, cheating and plagiarizing.

### Student Dress Code

At Edmonton Public Schools, students are expected to dress in a manner that reflects a positive sense of self within a welcoming, inclusive, safe and healthy learning environment. School expectations for student attire take into account a student’s right to fairness, dignity and respect and will not discriminate against students based on race, gender, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, socio-economic status, or body type.

Dress code expectations will be implemented in a manner that empowers students to make decisions that promote a positive sense of self and contribute to a respectful learning environment.

**Regular Attendance—It's the Law**

Regular attendance is strongly linked to student academic success and a student's sense of belonging at school. The *School Act* reminds parents and students that students are expected to attend school and be punctual every day. Students are only considered to be excused from attending school if they must be away due to:

- sickness or other unavoidable cause
- the day being recognized as a religious holiday by the religious denomination that the child belongs to
- suspension or expulsion
- an exemption from compulsory attendance granted by the Board for a defined period of time

Student Behaviour Expectations at Vimy Ridge Academy: In order for students to be successful at school, regular school attendance is essential. Regular school attendance is clearly associated with academic success and the development of a positive attitude towards future attendance in the work place.

The responsibility for regular attendance lies with the student and their parent/guardian. Students are expected to attend ALL classes unless participating in alternate school-initiated activities such as field trips.

Students are expected to make up work missed during their absences.

We invite parents/guardians to call the school at (780) 465-5461 should they wish information about attendance or wish to monitor the attendance of a student.

The school will communicate absences regularly through telephone calls by teachers as well as our automated phone out system and via SchoolZone.

Teachers take attendance by class; therefore, a student who is absent for a day may have five absences recorded for that day. Should further unexplained absences occur, the teacher(s) will refer the matter to an administrator for further action. Our goal is to support students in achieving success in their programs.

## Unacceptable Behaviour

Any behaviour which disrupts the educational atmosphere of the school or which interferes with the rights of others to learn, to be respected or to feel safe is unacceptable. Edmonton Public Schools' policy on student behaviour and conduct outlines the following:

Students are accountable for their behaviour whether or not it occurs on school property or within the school day. When behaviour that occurs off school property, or outside of regular school hours, threatens the safety or well-being of individuals within the school community or disrupts the learning environment, school administrators may apply consequences for the behaviour.

Examples of unacceptable behaviour include, but are not limited to:

1. behaviours that interfere with the learning of others and/or the school environment
2. behaviours that create unsafe conditions
3. acts of bullying, harassment, threats, or intimidations whether it be in person, indirectly, or by electronic means
4. physical violence
5. retribution against any person who has intervened to prevent or report bullying or any other incident or safety concern
6. possession, use or distribution of substances restricted by federal, provincial, municipal, District or school authorities
7. any illegal activity such as:
  - a. possession, use or distribution of illegal substances
  - b. possession of a weapon or use of a weapon (or replica) to threaten, intimidate or harm others
  - c. possession, use, display, or distribution of offensive messages, videos or images
  - d. theft or possession of stolen property
8. any breach of rules and expectations established by District administrative regulations or a school-based code of conduct
9. failure to comply with Section 12 of the *School Act*.

**Bullying and Conflict**

Bullying is defined in the *School Act* as repeated and hostile or demeaning behaviour by an individual in the school community where the behaviour is intended to cause harm, fear or distress to one or more other individuals in the school community, including psychological harm or harm to an individual's reputation. Bullying also includes the distribution of an intimate image of another person knowing that the person depicted in the image did not consent to the distribution, or being reckless as to whether or not that person consented to the distribution.

Bullying can take different forms:

- physical (e.g., pushing, hitting)
- verbal (e.g., name-calling, threats)
- social (e.g., exclusion, rumours)
- electronic (e.g., using technology to harass or threaten)

Conflict occurs when there is a breakdown in relationships between individuals that results from a disagreement or misunderstanding. While conflicts may require adult intervention, they are considered to be a natural part of how students learn to navigate relationships.

All students are expected to refrain from, report and not tolerate bullying or bullying behaviour directed toward others in the school, whether or not it occurs within the school building, during the school day or by electronic means. Students are also expected to resolve conflict or seek assistance to resolve conflict in a peaceful, safe, and non-threatening manner that is conducive to learning and growth. School staff can help address conflict between students using strategies that may include counselling, mediation, consequences and/or forms of restorative practice.

Student Discipline Vimy Ridge Academy students will know what is expected of them as well as experience supportive benefits for appropriate behaviour. They will also learn and understand the consequences of their inappropriate behaviour. The choice lies with the student! Our goal is to help students learn self-control and to promote acceptable responsible behaviour that promotes a positive learning environment. When students participate in performances, tours, and co-curricular or extra-curricular activities (i.e. athletics, clubs, etc.), they are ambassadors of Vimy Ridge Academy and are expected to represent the school in a manner that will make us proud. All these activities are considered extensions of the school program; therefore, all expectations for student behaviour as explained in this Student Rights and Responsibilities Document apply. It is especially important that students from our school behave in a positive manner because they are representing their school, their family, their community.

## School Responses to Unacceptable Behaviour

If students fail to meet classroom, school or District expectations, a range of responses or consequences may be put in place to address unacceptable behaviour. Edmonton Public Schools' policy outlines the following:

Unacceptable behaviour may be grounds for disciplinary action which provides the student with an opportunity for critical learning and reflection in the areas of personal accountability and responsibility, the development of empathy, as well as communication, conflict resolution, and social skills development.

The specific circumstances of the situation and of the student are taken into account when determining appropriate responses to unacceptable behaviour.

When a student engages in unacceptable behaviour, consequences may include, but are not limited to:

- temporary assignment of a student to an alternate supervised area within the school
- temporary assignment of a student to an alternate learning location
- short term removal of privileges
- interventions such as positive behaviour supports, contracts, counselling, restorative practices
- replacement or reimbursement for loss of or damage to property
- in-school or out-of-school suspension
- referral to Attendance Board
- recommendation for expulsion

Students are expected to cooperate with investigations by school administration. When contemplating and conducting a reasonable search of student property (including electronic devices), school administration must balance a student's reduced expectation of privacy in relation to school matters, with the need to provide a welcoming, caring, respectful and safe learning environment that respects diversity and fosters a sense of belonging for students and staff.

At Vimy Ridge Academy, we are committed to ensuring that our school is a safe and productive learning environment. Where necessary, interventions or disciplinary action may be used to address unacceptable behaviour by students.

Edmonton Public Schools is helping to shape the future in every one of our classrooms. We're focused on ensuring each student learns to their full potential and develops the ability, passion and imagination to pursue their dreams and contribute to their community.
